## 2017 Annual P.E.T.S. Report

The first Pre-Employment Transition Services (P.E.T.S.) classes in the Warren County School District started on 12-12-17 and continued into the new year ending on 2-17-18. A total of 159 students participated. BEi continues to work in coordination with the Office of Vocational Rehabilitation to present weekly classes for eligible students 14-21 years of age providing Independent Living Skills, Self-Advocacy and Workplace Readiness Training.

In April 2017, BEi partnered with OVR to provide Job Shadowing and Work Based Learning Experiences (WBLE) for 16 high school students referred from Warren and Forest County. BEi provides a job coach to monitor each student's progress, assess abilities and ensure safety. By the end of 2017, 11 students were participating in individual services.

P.E.T.S. classes were also provided during the WCSD Extended School Year from 7-11-17 through 8-8-17 with a total of 10 students participating.

P.E.T.S. classes resumed for the 2017-2018 school year beginning in the Warren County School District on 9-25-17. The program has expanded this year. Classes are being provided at the Tidioute Community Charter School and East and West Forest High Schools. Classes also began at Clarion-Limestone High School on 1-11-18.

## BEi excited to see Community Participation Growing!!

The start of a new year has been exciting for BEi as opportunities in the community for our individuals continue to grow each month. With the new regulations requiring Community Participation beginning in July 2017, BEi has been fortunate enough to be able to collaborate with several local businesses in our community to offer many different types of work opportunities such as cleaning at the County Courthouse, Alleghany National Forest Services, Targeted Pet Treats, and the Jefferson DeFrees Center. BEi is also excited to be in the works of acquiring a cleaning contract with Whirley Drinkworks! In addition to cleaning, six new jobs at the DQ Warren & Youngsville were made available to BEi individuals. As Community Participation grows each month, volunteer opportunities have also grown with our individuals giving back to their community by providing services at the Rouse, the Audubon, and local churches. Being able to be a part of the community is as simple as participating in a program at the YMCA or taking a music lesson with a group of people from the community. BEi is looking forward to seeing more of these opportunities grow in the future until all of our individuals can find a niche where they feel comfortable and accepted.
